美芯板

WALL PANEL

重新定义环保快装墙面
Redefine eco-friendly quick-install walls

美芯板，由广东美的科技新材料有限公司自主研发并制造，是一款引领未来的新型环保、集成快装的墙面装饰材料。

Independently developed and manufactured by Gooday Advanced Materials Co., Ltd. is a new type of environmentally friendly and integrated quick-installation wall decoration material that leads the future.

核心科技 Core Technology

精选原料：甄选 3 种 100% 全新主材，融合 5 种高性能助剂。
匠心工艺：通过高温高压精密挤压成型，品质稳定可靠。
卓越结构：由环保基层、无醛热熔胶层与高端饰面层科学复合而成，奠定卓越性能基础。

Selected raw materials: 3 types of 100% brand-new main materials are carefully selected, combined with 5 types of high-performance additives.
Craftsmanship with ingenuity: precision extrusion molding is carried out under high temperature and high pressure, ensuring stable and reliable quality.
Superior structure: scientifically composed of an environmentally friendly base material layer, an aldehyde-free hot-melt adhesive layer, and a high-end decorative surface layer, laying a solid foundation for excellent performance.

风格百搭 Versatile Style Compatibility

轻松驾驭极简、轻奢、新中式、意式、奶油风、原木风、欧式等主流装修风格，满足您对高端商业空间、理想家居的一切美学想象。

It easily fits mainstream decoration styles such as minimalist, light luxury, new chinese, italian, cream, wood, and european styles, satisfying all your aesthetic expectations for high-end commercial spaces and ideal homes.

非凡性能 Exceptional Performance

极致环保：超 ENF 级严苛标准，100% 全新环保原料，0 铅 0 重金属、无刺激性气味，守护居家健康。
五维防护：B 级防火阻燃、卓越防水防霉、天然防虫蛀，经久耐用。

Ultimate environmental protection: exceeds the strict enf standard, made from 100% brand-new eco-friendly raw materials, with 0 lead, 0 heavy metals, and no pungent odors, safeguarding home health.
Five-dimensional protection: class b fire retardancy, excellent water resistance and mildew resistance, and natural insect resistance, ensuring long-lasting durability.

快装优势 Quick Installation Advantage

采用模块化设计，搭配便捷榫槽结构，安装高效省时。支持实现多样造型（平面、圆弧、直角折弯、波浪、格栅、不规则设计等），赋予空间无限创意可能。凭借出色的综合性能与便捷的安装体验，美芯板已成为全球用户打造健康时尚空间的首选。

Adopting a modular design and paired with a convenient mortise-and-tenon structure, it enables efficient and time-saving installation. It supports the creation of diverse shapes (including flat, arc, right-angle bending, wave, grid, irregular designs, etc.), endowing spaces with infinite creative possibilities. With its excellent comprehensive performance and convenient installation experience, wall panel has become the first choice for global users to build healthy and stylish spaces.

配套线条

MATCHING LINES

美芯板装饰线条，三大核心优势

3 advantages of wall panel decpr trims

原厂一体配套

Original Factory Integrated Matching

与美芯墙板同源生产，结构精准匹配，同色覆膜零色差，视觉浑然天成。

Produced from the same source as wall panels, with precisely matched structures and the same color film coating for zero color difference, the visual effect is naturally integrated.

百款全能应用

All-Round Applications

超百款功能型线条（收边 / 转角 / 灯光 / 地脚 / 装饰 / 连接），一站式解决全空间收口难题。

Over a hundred functional lines (edge finishing, corner turning, lighting, skirting decoration, connection), providing one-stop solutions to all space finishing problems.

双材适配场景

Dual-Material Compatibility Scenarios

分铝合金线条（极简轻便）、木塑装饰线（立体有型）两大品类，轻松驾驭各类风格与空间需求。

细节成就完美，设计更自由

It is divided into two major categories: aluminum alloy trim lines (minimalist and lightweight) and wood-plastic decorative lines (three-dimensional and shaped), easily handling various styles and space requirements.

Details make perfection, and design is more free.

户外系列产品

OUTDOOR SERIES

PVC 户外木是以高密度 PVC、木粉等环保材料混合的新型环保建材，表面仿真木纹，防水防霉、抗紫外线不褪色，自带阻燃性，无需刷漆维护。

PVC 户外木采用环保再生材质和三代技术迭代，突破了传统局限，其 ASA 共挤层在耐候性 (-20°C ~60°C) 和寿命 (10 年) 上优势显著，适用于高湿、强紫外线等严苛环境。

PVC Exterior panel a new type of environmentally friendly building material made by mixing high-density PVC, wood powder and other eco-friendly materials. It features simulated wood grain on the surface, with water resistance, mildew resistance, UV resistance (no fading), inherent flame retardancy, and requires no painting or maintenance.

PVC Exterior panel adopts environmentally friendly recycled materials and has undergone three generations of technological iteration, breaking through traditional limitations. Its ASA co-extruded layer has significant advantages in weather resistance (-20 °C ~60 °C) and service life (10 years), making it suitable for harsh environments such as high humidity and strong UV radiation.

耐候性强

Exceptional Longevity

ASA 高分子保护层，具有极强的耐候性（抗紫外线、耐酸碱、抗褪色），暴晒 2000 小时后褪色 ≤ 3 级。

Uv resistant | corrosion proof | water repellent
10-20 Year service life.

防潮防蛀

Enhanced Safety

吸水率小于等于 1%（仅为木材 1/10），长期浸泡不腐烂；不含木质糖分，从根本上杜绝虫蛀问题。

Superior flame-retardant performance,
Significantly reduces fire hazards.

美观持久

Enduring Aesthetics

提供 6 款经典花色，纹理逼真，抗褪色，色彩持久。

6 Classic woodgrain finishes,
Realistic textures | fade-resistant colors.

轻质省力

Lightweight Efficiency

重量轻盈，搬运安装更轻松，节省远程物流成本。

Lightweight construction for easy handling and installation,
Reduced long-distance shipping costs.

安装便捷

Simplified Installation

热胀冷缩小，预留缝隙窄，卡扣式安装，简便高效。

Minimal thermal expansion → narrow joint gaps,
Snap-lock system for rapid assembly.

省心省事

Worried-Free

不龟裂、不变形，免上漆，几乎免维护。

Highly resistant to cracking and warping, comes pre-finished to eliminate the need for painting, and low maintenance cost.
